**What is the Adopt-a-Flowerbed Program?**

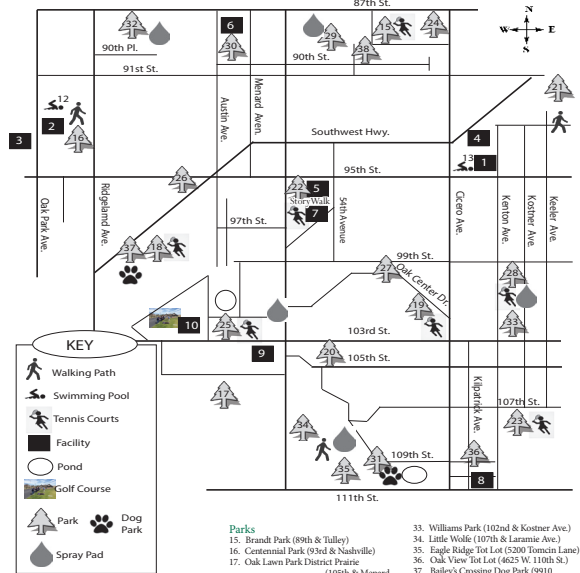

This program makes gardens in various parks available to individuals and groups to adopt and maintain. The adopter is responsible for planting the garden in May and maintaining until the end of September. Maintenance includes planting, weeding, deadheading flowers, picking up litter in the garden and clean up in fall. Plants are provided by the park district.

The OLPD Landscape crew will provide all the plants you will need, bed preparation including fertilizer and soil amendments, mulch for your bed and watering in summer. All the volunteers need to provide is energy, time and enthusiasm! This is a great service project for all ages! If you are a U of I Master Gardener, this project can earn you many volunteer hours.

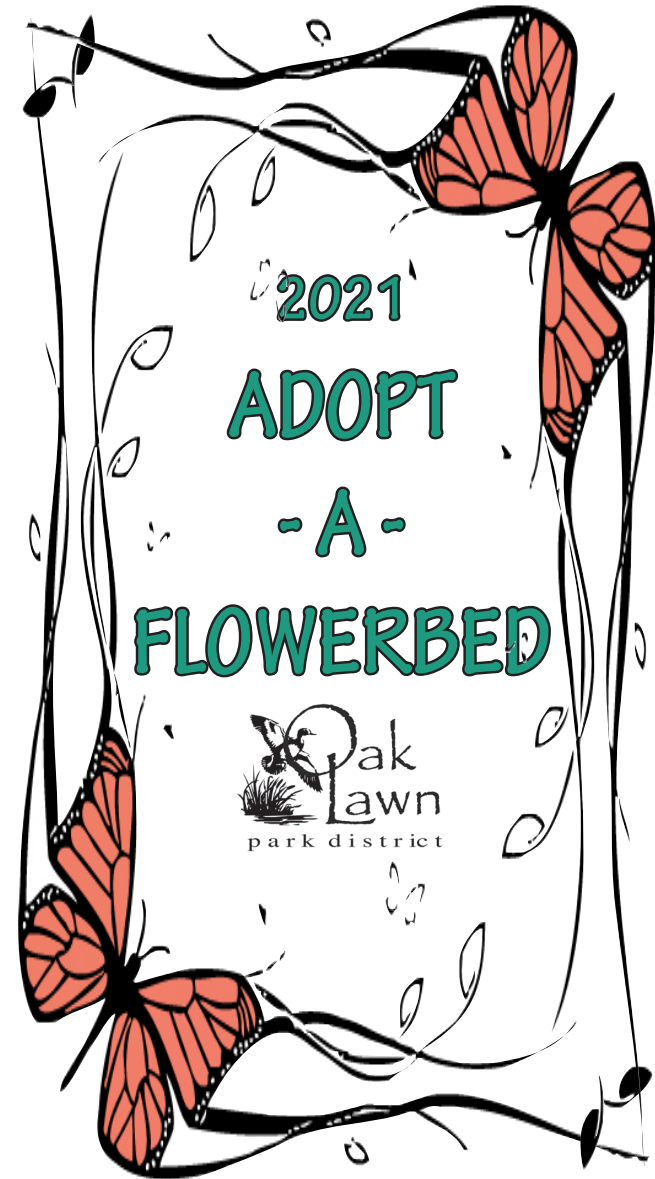

**Interested?**

If your group (or just you) would like to adopt a flowerbed, please fill out the registration form included on this brochure and return it to the park district. The beds are reserved in a first come first served basis. More information can be found in the Program Guide, including dates for the mandatory volunteer meeting.
